

COMMERCIAL CLUB THIRD BIG DRAWING

Hundreds of People Throng Streets
of Monett—Merchants Do
Big Business.

Hundreds of town and country people were down town Tuesday evening for the big drawing. Three hundred dollars' worth of premiums were given away to the ones holding the lucky numbers as the numbers were called out. Among the premiums were two \$50 Liberty Bonds.

Many of the country people came to town in the cool of the morning and were in town all day. The merchants did a rousing good business.

Sister Kathleen, of Denver, Colo., came Wednesday evening for a week's visit with her parents, Mr. and Mrs. P. J. Burke. She was accompanied by Sister Murescha.

HUN REGIMENT WIPED OUT BY U. S. MEN

Pershing's Men Take All Their Ob-
jectives West of Chateau Thierry
—Germans Lose Heavily.

With the American Forces on the Marne, July 2.—An entire German regiment has been virtually annihilated in the fighting west of hill 204, according to official information.

A counter-attack made by the Germans today against the new position won last night by the American forces to the west of Chateau Thierry was completely broken up. The Americans did not give up a foot of ground which they had captured.

There was hot fighting today in front of hill 204, which is in the hands of the Germans. At 5 o'clock this evening the American artillery was engaged in heavily shelling the position.

Reports from the advanced front brought back through a heavy enemy barrage confirmed the earlier statements that the Americans have reached all their objectives and are holding every point.

The total number of Germans captured by the Americans is now estimated to number about 500, including seven officers.

Many groups of prisoners have been sent to the rear. Others have been located in hospitals, where they were taken after being wounded.

Germans Not Captured Are Killed

The German counter-attack, which was fiercely conducted, was launched against the American position at 3 o'clock this morning. It resulted in the Americans further increasing their number of prisoners. Virtually the remainder of the enemy attacking force was annihilated.

In their attacks last night the Americans captured the village of Vaux, together with a large slice of the Paris highway west of Chateau

FIRE AT LAMAR, MO.

Destroys Elevator Containing 20,000
Bushels of Grain and Causing
Loss of \$70,000.

A fire which destroyed about 10,000 bushels of wheat and between 6,000 and 10,000 bushels of corn, besides a big elevator and a large number of surrounding residences, broke out in the Thomas Egger elevator at Lamar Tuesday shortly after noon.

At the same time the fire in Lamar was destroying thousands of bushels of grain, a fire of unknown origin burned the railroad trestle about two miles north of the city. A Missouri Pacific passenger train was stopped before it reached the burning trestle and was held up for several hours until the bridge could be repaired.

FIVE SPRINGFIELD NURSES LEAVE FOR CANTONMENTS

Five more Springfield nurses left Monday night for army cantonments, where they will train for Red Cross duty in France. All of the women are signed for overseas duty.

Misses Hope Walker and Pearl Vermillion will spend Thursday with friends in Springfield.

Thierry and two patches of wooded land, together with a quantity of machine guns and other equipment.

In the Vaux region the Americans took the Germans completely by surprise. Most of the prisoners were taken out of cellars and dugouts.

How many Germans were killed, of course, is unknown, but from the number of dead in plain view at various places the total must have been considerable.

While the artillery preparation was going on, many American airplanes flew high overhead. Some were protecting the observation balloons, while others were combing the skies to keep off enemy machines.

Damage Case Compromised

The case of James Frazier, a minor, by his next friend, against the Springfield Gas & Electric Company, was compromised Tuesday just before a jury was called in Division 1 of the circuit court in Springfield. The Frazier boy, while running on errand for his mother on Commercial street, stepped upon an electric wire that had fallen from the gas company's pole to the sidewalk, and received a severe burn on his heel, and as he fell to the ground must have taken hold of the wire with his left hand, as his hand was also badly burned. The accident occurred September 24. The company denied liability on the ground that it had no knowledge of the wire breaking and being upon the sidewalk.

The mother employed Attorney D. H. Kemp, of this city, and the case was set for trial July 1. The amount received as a compromise settlement was \$3,600.

Mr. and Mrs. Murrel Rosa have returned home from a visit with relatives at Oswego, Ok.

A PROSPEROUS COMMUNITY

A prosperous community is the result of a great many people in the location being prosperous. If every farmer and salaried man or woman would place in the Bank a part of their incomes and if every wage earner would deposit a part of his wages, prosperity for this vicinity would be assured. No financial difficulties could come that would injure the local credit. The Bank is the best place for money, because it is organized and equipped for the safe keeping of money.
